Supplemental Type Certificate

Number: ST01940LA

This certificate issued to:

Dow Aero Logistics, LLC
 6800 Camille Avenue
 Oklahoma City, Oklahoma 73149

Certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.*

*Certification basis is set forth in Type Certificate Data Sheet A1NM

Original Product

Make: Boeing

Type Certificate Number: A1NM

Model: 767-200

Description of Type Design Change: Installation of Airstair in accordance with FAA approved Airweld, Inc., Master Drawing List 1423-767, Revision G, dated August 11, 2006, or later FAA approved revision.

Limitations and Conditions: Note: Modifications to the 767-200 with the use of Airweld, Inc. Master Drawing List, Document No. 1423-767, Revision G dated August 11, 2006, must be made concurrently with Gore Design Completions, Ltd. Supplemental Type Certificate (STC) ST10591SC with the configuration identified in that STC at its original issue date of November 21, 2006. The approval of this modification applies to the above noted airplane series only. This approval should not be extended to other specific airplanes of this model series on which other approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: June 30, 2005

Date Reissued: February 28, 2008;
 December 11, 2020

Date of Issuance: December 6, 2006

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
